

PRESS RELEASE

CFE realises an acquisition in the multitechnics division

CFE has acquired VMA NV Infra-Industry based in Ghent and its subsidiary VMA Slovakia.

The group VMA realises total projects at the same time in the electrotechnical area for the service industry, business and industrial sector (office blocks, utility buildings, industrial and logistic centres), as well as in the area of industrial and processautomation.

The company employs approximately 200 people, of which 40 specialized engineers, and realises a turnover of approximately 30 million euro. The order book represents an activity for more than one year. The operational result, on an annual basis, amounts to 2 million euro.

This acquisition, for an amount of 16,2 million euro, allows CFE to strengthen its multitechnics division, in particular in the industrial sector, with activities in Flanders and Slovakia. Through this acquisition, CFE materializes one of its main objectives of the in November 2006 realized capital increase.

Messrs. Guy Wynendaele and Joris De Vreese will continue to manage the companies.

CFE is a group of companies active in construction and associated services, quoted on Euronext in Brussels and of which VINCI holds 47 % of the capital. CFE is one of the important players in the construction industry in Belgium and is also very present in the Netherlands, Luxemburg and in Central Europe. CFE is a shareholder in DEME (50 %), one of the leading dredging contractors worldwide.
